Important Facts About a New
Line of Women's High
Grade Shoes.

We introduce to your notice to-morrow a line of Women's Street Boots that are going to make many new friends for this shoe store of ours. They're made of

Russian Coltskin.

And they represent the top notch of style, comfort and durability—Russian coltskin is a dull finished black leather that is practically waterproof. It requires no dressing, always looks well, remains soft and pliable and will not scuff nor peel—It is without question the most satisfactory leather that can be used in shoes intended for street wear. The shoes we've had made of it are laced or buttoned, with cork-filled double soles, welted and stitched on and kangaroo tops. They're finished man fashion on the newest English last.

When you buy a pair of these shoes you get the best that skill and care can produce from the highest grade materials—Our price is

\$3.90 a Pair.

The customary price of equal grades is \$5.00 a pair.

The same style shoes in chrome tanned black box calfskin or fine glaze kid skin, leather lined throughout—at the same price.
